REMARKS

Applicants note with appreciation that, in the Office Action dated December 3,

2004, claims 9-16 were allowed, and claims 4 and 5 were objected to as being

dependent upon a rejected base claim, but would be allowable if rewritten in

independent form including all of the limitations of the base claim and any

intervening claims.

In response, Applicants have rewritten the "objected to" claims 4 and 5 in

independent form by amending the independent claim 1. Thus, claims 4 and 5 have

been canceled. As amended, claim 1 now includes subject matter recited in the

original claims 4 and 5. In addition, Applicants have amended the independent claim

17 to reflect the operation of the optical device, as recited in the allowed claim 9. As

such, Applicants respectfully submit that the amended claim 17 is now in condition

for allowance. The remaining rejected claims 2, 3, 6-8 and 18-20 depend on one of

the amended independent claims 1 and 17. As such, these dependent claims include

all the limitations of their respective base claims. Therefore, Applicants submit that

these dependent claims are allowable for at least the same reasons as their respective

base claims.

Applicants respectfully request reconsideration of the claims in view of the

amendments and remarks made herein. A notice of allowance is earnestly solicited.

Respectfully submitted,

Helbing et al.
